Professional Summary

Frontend Developer with 2+ years building real-time, AI-integrated React dashboards. Led architecture for enterprise monitoring and operation systems with RBAC, WebSocket, and multi-language support. Mentored juniors and delivered scalable, high-performance UIs using reusable components and optimization techniques.

Skills

Javascript	Core Javascript	CSS	SCSS	React JS
React Router	Redux JS	Tailwind CSS	Responsive Design	Performance Optimization
RBAC				

Experience

Ease My Ai Pvt Ltd Frontend Developer	Aug 2023 to Present Marol , Andheri , Mumbai
Developed real-time React dashboards with reusable UI components and responsive design. Integrated REST APIs and WebSocket for live updates and notifications. Led frontend architecture, mentored junior developer, and implemented end-to-end RBAC. Optimized performance using lazy loading, code splitting, and modular SCSS. Collaborated with backend, UI/UX teams on real-time production and energy and logistics dashboards	

Projects

GMR Energy Monitoring Dashboard (Frontend Lead)

Stack: React.js , SCSS , Docker, WebSocket
Led development of enterprise-scale real-time vehicle tracking system with multi-language support (EN/HIN/GUJ/MAR) and offline interactive maps.
Designed 4-level RBAC (User → Role → Module → Action) using custom React hooks. Built reusable component library (20+ modules) with lazy loading and code splitting. Integrated weighbridge, GRN workflows, Form 15, and audit logging for full traceability and many more.

DPL (Digital Production Line) Dashboard

Stack: React.js, WebSocket, REST API, Python AI Backend Built real-time glove production monitoring with AI-powered defect detection. Enabled live updates, notifications, and file downloads with low-latency UX.

Mahindra Logistics Box Detection Dashboard

Stack: React.js, SCSS, WebSocket Visualized AI box detection outputs with server-side pagination and reusable components . Implemented secure API flows and centralized async state management

Education

SRTMUN University, Nanded
B.Sc. Computer Science
8.4

2019 – 2022
